**Whenever we go online,
We leave behind a digital footprint**

**What if we could turn that data
into verified intelligent avatars
that work as extensions of ourselves?**

MEET NIKHIL & HIS PERSONAL AI (PAI)

A man with short dark hair, wearing a black suit jacket, a black shirt, and black trousers, stands in the center of a large field of green, leafy plants. The field extends to the horizon, where some buildings and a fence are visible in the background. The lighting is bright, suggesting daytime.

PAI CAN SING

OPEN

OUR VISION

Enabling every person in the world to create,
own and manage your PAI
that can do things on your behalf
to help you save time
or do things you cannot
