About the Asia Game Changer Awards

Asia Society is pleased to announce the launch of an impactful new event in 2014: the Asia Game Changer Awards. The Asia Game Changer Awards are designed to fill a vital gap, identifying and honoring true leaders making a positive contribution to the future of Asia. These awards are bestowed annually to individuals, organizations, and movements that have inspired, enlightened, and shown true leadership in areas that reflect Asia Society's core pillars of policy and business, arts and culture, and education.

Nominations for this inaugural class of Asia Game Changers were solicited from the Asia Society global network, which then embarked on a three-month process of feedback and voting that resulted in the final 2014 Asia Game Changers you see today. The individual who garners the most support throughout this process is named the Asia Game Changer of the Year.

Asia Society is thrilled to honor these people and their achievements, and to share their triumphs with the rest of the world, as they are each living representatives of the Asia Society mission: to promote mutual understanding and strengthen partnerships among peoples, leaders, and institutions of Asia, the United States, and the world. We invite you to join us in creating the atmosphere and conditions for future Asia Game Changers to develop and thrive.
