

PROFESSIONAL DEVELOPMENT SERIES #1

INTRODUCTION TO ONLINE CHINESE LANGUAGE TEACHING

LMS & DIGITAL TOOLS

This session is designed to provide basic information about popular Learning Management Systems (LMS) and digital tools that are being used in Chinese language teaching and online language courses. Using the online Chinese program offered by the Confucius Institute at Michigan State University (CI-MSU) as an example, participants will be able to explore various digital tools and know how they are being used in CI-MSU's online Chinese courses.

TIME & REGISTRATION

April 4, 2020
Saturday

10-11:30AM
US Eastern Time

This session is **FREE** to attend, but registration is **required**. The session will be delivered using Zoom. The registration is set to allow up to 300 responses. Once you complete the registration, you will be directed to a confirmation page which includes the Zoom link information to join the session. You can scan the QR code above or click the link to register.

TENTATIVE AGENDA

1 INTRODUCTION

10-10:15am
Introduction to CI-MSU's online Chinese program, LMSs, and digital tools.

2 DIGITAL TOOLS

10:15-11:15am
Participants will be able to know basic features of 5 different tools including Zoom, VoiceThread, Padlet, Kahoot, and Quizlet. Each tool will be introduced with basic functions followed by a mini demonstration about how it is used in CI-MSU's online Chinese courses.

3 Q & A

11:10-11:30am
Participants will be able to discuss how to incorporate these tools into their own online Chinese teaching.
